

## Participant Spotlight!!

Sharlene Krebsbach has been chosen as LEEP's Participant Spotlight for the month of March.

Shar's home town is Sleepy Eye, MN but she has been living in the Mankato area since 1989. Going to LEEP dances and the events that offer food are activities she enjoys most. Her favorite hobbies are listening to music, knitting, watching television, going for rides in the car, and doing crafts.

At LEEP, Shar enjoys doing many of her favorite things with her friends. She said, "LEEP has taught me to get along with others by being respectful and doing things that everyone wants to do."

When visiting with Shar, she'll joke and you will soon learn that she is a cat lover. She might even convince you to watch a romance movie with her.

Be sure to congratulate Shar for being chosen as this month's Participant Spotlight!
